and Mr. Bannerman. Then
it nothing in No 24-17-23675
to bear out this statement;
it appears it was intended
that the entire case should be
reopened for Mr. Bannerman
(vide letter to Bannerman
dated 18.11.22)

(13) As regards the
grant of 100 acres of land
for an abattoir which was asked
for by Bannerman, the
reply of the Secretary
stated that the grant of
100 acres of land
for an abattoir was
considered during 1920
and an endorsement
was given to the petition
that his request could not

There were two houses belonging to Thummarappa
Vankarappa & Ramu & Purna Bolekha. The property
belonging to the first was only acquired & dismantled
but he appears to have put in a revision application to the
Chief Court against the order of the Purna Judge. The
first & the fourth have filed suits for a declaration that
the acquisition proceedings were void & of no legal effect &
the case has been posted for trial on the 24 of this month.
The Purna of the other two properties appears to have been
given up recently & the houses dismantled. The delay in
taking Purna of the properties is explained to be due to
the obstructive attitude of the parties concerned, while
the delay in preferring appeals & revisions is to delay
delivery of Purna of the same.

15) II Acquisition of the houses for improving the
surroundings & constructing a Science Laboratory

Out of the 14 properties, award appears to
have been made in 11 cases, of which 6 have already been
dismantled. Notices have to quit have been issued in
4 cases while 2 cases are in Court ^{claiming} higher
compensation. As to the three properties for which awards
have to be made, belong to Mr. Pannumath, Jettan & in
Shivastha. The second seems to demand a higher
compensation & the Chairman is of opinion that
if Mr. Pannumath can easily influence him to a
reasonable compensation. The third is now
in hospital & a case has to be perhaps
come out of the hospital.

If what is said of him, is true ~~then~~ ^{he will} ~~be~~ ^{not be} entitled to any encouragement from Govt.

17) Reference is made in the Chairman's letter that the cost of acquisition is to be shared equally between the Trust Board, the EDN Dept & Mr Prannumath. No information on this point is said to be available but it is not clear how the EDN Dept could pay as to this charge without specific sanction of Govt. In spite of instructions, Mr Prannumath has now, it appears, remitted his share of the cost.

supplemental grant having cropped up again in connection with a trust deed executed by Mr. Bannerman it was considered that the institution being a private one, it was not possible to acquire any land and give it and that Mr.

Bannerman should arrange for this by private negotiation.

It was accordingly directed that the additional grant of Rs. 15.00 may be paid & that the instructions already issued to acquire the adjoining land and give it to Mr. Bannerman may be cancelled. The chairman of the Mysore Trust Board was also informed that the provisions of the Land Acquisition Regulation can not be applied to the acquisition of the property in question for Mr. Bannerman. The contentions now raised may be
refer to this arrangement and he may
be asked to be referred to the Chairman
of the Trust Board in the matter. I will be
observed from the enclosure to the Chairman (let
Chief Secy) letter of the 4th Sept. that he
does not claim from Mr. Baum 28/10
much compensation for the
portion acquired for road etc

57) It is clear that there is some
misunderstanding in the subject,
which is not likely to be cleared
by triangular correspondence.

action is being taken. With
reference to the value from the

him to deposit his share of the

manna has now represented
that the entire property acquired
has not been made over to his

amount payable by him
must be 1/3 of the cost of

the entire properties etc

against this contention it will be observed that what has been demanded of Mr. Bannaniga is only $\frac{1}{3}$ cost of acquisition after deducting the value of the extent of land reserved for roads etc (U. de L. No. 38 & dated 31.8.24) of which has been sent in the 81.24). The contention of Mr. Bannaniga does not seem therefore to hold good. 54) Further as already pointed out in para 22 & 24 Mr. Bannaniga has to pay for the land given to him the cost of acquisition & clearance of the site or any other reasonable price to be fixed by the Board. It is therefore not clear under what authority only $\frac{1}{3}$ of the cost is claimed.

55) The points for consideration are (1) whether Mr. Bannaniga should pay the entire cost of the acquisition or only $\frac{1}{3}$ of the cost.

The Chairman of the City Improvement Trust Board and it is this that has landed him in the present difficulties. The orders of Government in this case are quite simple and free from the least difficulty. In their letter No 5972 M.C. 24-17-24 dated the 19th Nov. 1920 Govt directed the Chairman to acquire the properties in the first instance for the Trust Board and then make it over to Mr. Baumann on his paying for it. This is simple enough and even now Mr. Baumann states he is willing to pay for whatever land is given to him.

(64) The principle of apportioning the cost of acquisition between the Education Department, the Trust Board and Mr. Baumann ~~is~~^{as} recommended by the Chairman altogether objectionable. Firstly it is opposed to the orders of Govt (Flag above). Secondly

Secondly, the Education Department has nothing to do with the matter at all. This is not an item for which a grant aid is admissible under the Code. Thirdly, Mr. Baumann is liable to pay only ^{a price} for the land made over to him and not a fraction of the cost of acquisition of all the sites acquired in the locality for ~~acres~~ including those for widening the road.

65) Mr. Baumann's objection contained in his letter N° 13 dated 18-10-22 is quite reasonable and also quite in accordance with the orders of both the Chairman may perhaps be informed that the Education Department cannot pay and that Mr. Baumann is willing to pay for the land given to him. Mr Banuman is liable to pay $\frac{1}{3}$ of Rs 19579-8-0. But he contends that he has not been paid in possession of the whole of the land acquired and that he cannot be called upon to pay more than $\frac{1}{3}$ of the price of the land actually put in his possession i.e. about Rs 4000. But there was no agreement that he should pay only $\frac{1}{3}$ of the price of the land actually put in his possession.

The Education Section has noted above that there is no reason why this amount of the cost should be paid out of the Education budget.

If the arrangement referred to above which has not been sanctioned by Govt is now approved by them Mr Banuman may be called upon to pay Rs 6526-8-0 and the Trust Board and the Education

deft a similar sum, for which

towards the acquisition of the land
adjacent to the school. Govt. have
sanctioned a grant for the construction
of the building and he thinks there
is no violation of principle in sanctioning
a grant for the acquisition.

It is not affirmed, the agreement
should be taken into account for the

the balance should be met out

SIR,

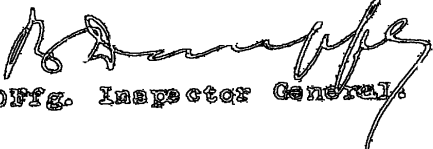

With reference to your letter No. 2067dn. 9-21-2 of 15th July 1921, and subsequent reminders forwarding for report a petition of 16th June 1921 from Mr. Banumiah praying for the delivery of possession of certain sites for the Boarding Home attached to the school etc., I have the honour to state that it was ordered in Government Order No. 121087dn. 79-17-119 of 18th June 1918 that the properties may be acquired and given over for the school instead of sanctioning an additional grant for the building again the Government in their order No. 210347dn. 7-18-19 of 30th August 1918 were pleased to sanction an additional grant of Rs. 15,000/- for the school building and ordered that in regard to the acquisition of adjoining lands, Mr. Banumiah may apply to the Trust Board, Mysore, for such help as may be given consistently with the existing provisions of law. This was duly communicated to Mr. Banumiah in this office No. G1.C 375 of 29th October 1919. Mr. Banumiah again applied to this office on 7th May, 1920 and he was informed in this office No. C 10064 of 19-20 dated 22nd May 1920 that it is not possible for the Department to do anything more in the matter.

Under these circumstances, Mr. Banumiah may be asked to apply in direct to the Trust Board in the matter.

The enclosure received with your letter is returned ----

herewith.

SIR SRI KRISHNA RAJA WADIYAR BAHADUR, G.C S.I ,
HIS HIGHNESS THE MAHARAJA OF MYSORE

May it please your Highness,

I, the Sowkar Dharma Prakasa D Banumiah, living in Santhepet, beg to approach your Highness with the following prayer -

I have built a school in the Capital of your Highness at a cost of Rs 105,000 Your Highness is aware of this Till June 1919 it was an Anglo Vernacular School It was then raised to a High School From this academical year it has been raised to a Collegiate High School It is my humble desire to provide with funds and other conveniences so that the school may flourish even after my days. It is my humble desire to have a boarding home in connection with the school and also to purchase lands for the use of the home Though I have been requesting the Government and the President of the Municipality for 4 or 5 years to grant me site to build the home, nothing has been done, though the site just by the side of Mr Anniah Pundit's Girls' School was sanctioned it has not yet been given to me

2 I have been praying for the grant of 100 acres of land at an upset price The Deputy Commissioner of the Mysore District took a mutchallike from me some four years ago, but the land has not yet been given to me

3 Though I have built the school at a heavy cost the

surroundings of the school are so unhealthy that it has been raining me much. There are very unhealthy houses just behind the school building. The sewage water etc of these houses are a nuisance to the students of the school, who are 500 in number. I have been praying Government for 5 years to acquire these houses and demolish them. Even late Dr C Nanjappa who was a Committee member strongly objected to the unhealthy surroundings and recommended the demolishing of the houses. Though I have been requesting the Government and the Chairman, nothing has been done so far. The next year, in connection with the Collegiate High School, I intend opening a Science Section for which a Science Laboratory is to be built. I am very sorry, though I am spending money so liberally for the cause of Education, that your Highness' Government has not yet been pleased to encourage me and grant my prayers. The president of the Municipality is saying that unless compensation is paid, the houses cannot be acquired. He seems to think that the houses are meant for my use. In the acquired portion I mean building the Science Laboratory. I pray your Highness may be pleased to inspect the spot in question and grant the prayers of the humble petitioner.

I am,

the Maharaja of Mysore, Revenue Department

Sir

With reference to your letter No.1716 Edn.9-21-6 dated the 1st November 1921, addressed to the President, City Municipal Council Mysore, and transferred by him to this office in the matter of delivery of possession of site for the Boarding Home of Mr Banumiah's High School, and the acquisition of the houses behind the said School, I have the honour to state as follows—

2 On the site ordered by Government to be acquired for the Boarding Home there were 5 houses of which one belonging to Thimmarayappa was duly acquired, and demolished under Magisterial orders after a good deal of correspondence and Government declining to interfere in the matter. Subsequent to its demolition, Thimmarayappa filed a criminal complaint before the City Magistrate who dismissed it. He then went to the Sessions Court where also it was rejected. He has again put in another revision application to the Chief Court, where it is now pending.

3. In respect of the other four properties of Banumiah,

Krishniah, Venkatamma and Sultan Alli Khan, awards were passed so far back as August 1919, and the last three of them not objecting to the awards, possession of their properties was asked for

4. Sultan Alli Khan considering the amount of compensation awarded inadequate, asked for a reference to the Civil Court, which was accordingly made to the District Court, Mysore. In another Land Acquisition case, Rao Bahadur Mr M. C. Ranga Iengar, B. A., having appeared for one of the claimants, the Public Prosecutor brought to the notice of the Court that as one of the Trustees of the Board concerned in framing Schemes and carrying them out, he could not appear against the Board, and adequate reasons were urged. The District Judge ruled that the Trustee could not appear against the Board, and he made it applicable to Sultan Alli Khan's case also. Thereupon, Sultan Alli Khan filed an application to the Chief Court to revise this rule of the District Judge, and the Government Advocate who was authorised by Government to appear on behalf of the Trust Board and who was being requested to intimate the stage in which the case was, informed a few days later that the case had been heard and judgment was reserved and followed it up by intimation that the order of the District Judge had been set aside. It is not known how far the case of the Trust Board was represented, and what further has to be done in the matter will be decided on receipt of a copy of the Chief Court Order, the requisition from this office to the Government Advocate for the forwardal of which was disposed of by him saying that the only copy received by him had been sent to Government. I am now arranging to obtain the same

5. Regarding the properties of Raniar, Krishniah and Venkatamma, the City Magistrate, was addressed in November 1919 to enforce their surrender under Section 47 of the

Land Acquisition Regulation. While proceedings were going on in the City Magistrate's Court, Ramiah and Krishniah kept absconding themselves and eventually filed suits in the District Court, and a temporary exparte injunction was issued by the District Judge of Mysore on 9th April 1920 directing the City Magistrate not to enforce the order of surrender. It was pointed out to the said Court that the Proceedings in the City Magistrate's Court were being instituted under Special Regulations viz the Trust Board Regulation and Land Acquisition Regulation and that neither the suits in his Court nor the injunction order was maintainable. After contest, the complaints of Ramiah and Krishniah were returned by the District Judge for presentation to the 1st Munsiff's Court, wherefrom another injunction order was received by the Magistrate. Arguments were put forward to get this order cancelled. But the Court preferred to try the suits and after a long and hotly contested trial dismissed them on 19th August 1921. Thereupon they preferred appeals to the District Court. These appeals also were decided in favour of the Board in the middle of November last. All these proceedings dragged on for nearly a couple of years. The City Magistrate was thereafter moved to expedite the surrender of the properties and it was only very recently that possession was given over and the houses dismantled as reported in my letter No.55 dated 31st January 1922 to the Secretary to Government, Revenue Department.

6 While the cases of Ramiah and Krishniah were pending before the 1st Munsiff, Venkatamma and Sultan Ali Inan filed suits for declaration that the acquisition proceedings were void and of no legal effect. Defence has been put in and cases are being adjourned from time to time and are now fixed for trial to 24th February 1922 &

-14th February 1922. The main object of these obstruction-ists in conjunction with and supported by Thimmarayappa has been all along to delay delivery of possession and they keep repeatedly trying all sources of appeals, and references to Government several times over, irrespective of final orders. Under such circumstances, it has not been possible to get possession of these properties, until the matter is set at rest by judicial pronouncements.

7 As regards the acquisition of houses behind Mr Banumiah's School, 14 properties were declared for acquisition under Government Notification No R 5973/M1 23-17-75 dated the 19th November 1920, according to which 1/3 of the cost of acquisition is to be borne by the Trust Board, 1/3 by Education Department and 1/3 by Mr Banumiah himself. Out of the 14 properties awards have been made in 11 cases, in 5 of which properties have already been demolished. Notice to quit has been issued in respect of 4 properties, and the owners of two other properties have objected to the compensation amount and have asked for references to the Civil Court.

8 The three properties for which awards have yet to be made belong respectively to Mr Banumiah, Jettangappa and Lingappa. Mr Banumiah can even at this stage set an example by demolishing the 1st property himself, and make the way of the Board smooth, as he has been saying it is practically his and can be demolished^{at} any time, but facilitating it at no time. Jettangappa who has been asking for enormous compensation can also be influenced by Mr. Banumiah to demolish his property and accept reasonable compensation. The third person Lingappa is sick in the Hospital and as soon as he gets better, his presence will be secured, and award made.

9 The properties behind Mr. Banumiah's School being all house properties, it is not possible to pull them down before going through all the formalities of the Land Acquisition Regulation.

10 In this connection, I beg to submit for the information of Government that Mr Banumiah possesses some sort of connection with or interest in the owners of the houses concerned, as well as those of the Municipal Office Block, and he is quite well aware of the opposition set up at every stage by several house owners like Thimmarayappa, Ramiah, Krishniah etc. If he had only wished, he could have brought his influence to bear upon these people and rendered the work of the Trust Board easy and expeditious. On the other hand, he himself sides the opposition and set up his own brother Chick Chowdiah to hotly contest a reference case, engaging counsel, and getting Mr Appalachar, late Overseer of the Municipal Office to speak to the over-estimate of the building etc. The District Judge enhanced the award based upon the evidence of Mr Appalachar and keeping out the authoritative expert evidence of Trust Board Engineer. An appeal against the District Court's decision has been, with the sanction of Government, preferred to the Chief Court, where it is pending.

Vide this office Letter No.6 dated 22nd February 1921

11 Following the example of Chickchowdiah, the other house owners of this class try on and raise unnecessary objections and impede the progress of Land Acquisition cases.

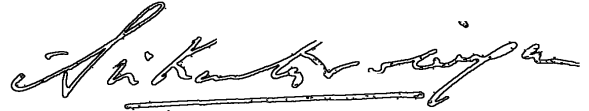

12 As for 1/3 of the compensation amount due from Mr Banumiah, he was requested to remit the amount, so that early payments may be made, and possession of the houses obtained. But he has not up to now done so, and with the

crippled resources of the Trust Board, it has been found
very difficult to meet such charges.

SIR,

With reference to your letter No 1717 dated the 1st November 1921 calling for a report regarding the grant of certain lands to Mr. Dharma Prakash D Banumiah of Mysore in aid of a Boarding Home to be attached to his High School in the Mysore City, I have the honor to state that Mr D Banumiah selected and applied for the grant of Survey No 250 forming the tankbed of what is known as Krishnare Urs Tank, in the Kesare village, Mysore Taluk, which measures 24 acres 23 guntas. The matter was under correspondence between this office and that of the Revenue Commissioner

But Mr Banumiah in his petition dated the 17th April 1920 addressed to this office, stated that he applied first for the grant of S No 250 referred to above, on the understanding that the land was fit for wet cultivation that, he subsequently learnt that it was fit only for dry cultivation and that it served no useful purpose for the Boarding School and requested that he might be granted any assessed Government waste, or Khairab lands to be converted into wet in the villages of Naganhalli, Lakshmipur and Siddlingapur of Mysore Taluk under the Low Level Channels drawn from Krishnaraja Sagara

The matter was referred to the Special Land Acquisition Officer, for enquiry and report. He stated in reply

that it was not possible to comply with the request of the applicant, as no lands were available in those villages

Another opportunity was given to Mr Banumiah when Survey No 35 measuring 20 acres 30 guntas of Hullahalli village, Nanjangud Taluk, which is known as Arsinkere Tank-bed and which is fit for wet cultivation by the Channel drawn from the Nugu Project was advertised for sale under darkhast rules in August 1920, by intimating to him of the date of sale so that he might purchase at the auction sale this piece of valuable wet land for his Boarding House if he found it convenient. He did not put in his appearance at the sale and the land was disposed of in favour of some other individual

It is still open to Mr Banumiah to select any piece of unoccupied land that may be available and then specifically apply for the same and needful action will then be taken in due course

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Sir

With reference to your letter No E.881/Edn. 9-21-23 dated the 2nd August 1922 requesting to furnish information regarding the acquisition of houses for forming sites for (1) a Boarding Home, and (2) for the construction of Science Laboratory, to the Banumiah's High School to the rear of it, I have the honour to state that all the properties required to form a site for the location of the Boarding Home have been acquired and demolished excepting two of them for which also awards have been made but which have not yet come to our possession owing to the owners contesting the proceedings in the Civil Court, as already reported to Government in para 6 of letter No.57 dated the 1st February 1922, and reported in my letter No.6 dated 19th July 1922. These 2 cases are still pending before the Court.

2. With regard to the acquisition of properties for the construction of Science Laboratory, I beg to state that out of 14 properties declared for acquisition, 8 have been taken possession of and dismantled and there are still 6 properties to be taken possession of these 6, the owners of two properties have applied for a reference

to Court under Section 18 of the Land Acquisition Regulation, and the remaining four could not be taken possession of, for want of sufficient funds at the disposal of the Board, though the owners thereof are ready to give over possession, if they are paid.

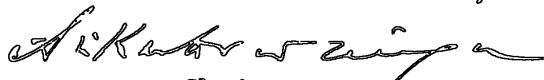

3. The funds that are required for the acquisition of these properties, as arranged with the concurrence of the former Inspector General of Education and Mr Banumiah, have to be contributed as follows— $\frac{1}{3}$ of the cost by the Education Department $\frac{1}{3}$ by Mr. Banumiah, and the other $\frac{1}{3}$ by the Trust Board. Mr. Banumiah, has not yet paid his share, though the gentleman was requested several times to advance Rs4,000 towards the cost, subject to final adjustment in due course, (vide this office letter Nos.388 and 1249 dated 31st August 1921 and 28th June 1922 respectively). Hence I request that

1. Compensation already paid for 8 houses behind Banumiah's High School for Laboratory	10,480	8	0
2 Compensation awarded for 6 houses & not yet paid	6,472	0	0
Total Rs	16,952	8	0
3 Dismantling & other charges at 10 %.	1,695	0	0
Total Rs	18,647	8	0
4. Contingent charges at 10%	932	0	0
Grand total Rs	19,579	8	0
$\frac{1}{3}$ cost by the			
1. Education Department.	6,526	8	0
2. $\frac{1}{3}$ cost by Mr. Banumiah	6,526	8	0
3 $\frac{1}{3}$ cost by the Trust Board-	6,526	8	0
Total Rs	19,579	8	0

the Government may be moved to direct Mr. Banumiah to furnish the requisite funds immediately as noted in the margin so as to enable the Trust Board to push through the work quickly.

4 The Inspector General of Education has been requested to deposit Rs6,526-8-0 being one-third of the cost of acquisition as per agreement above referred to.

With reference to your letter dated 8th July 1921,
anent, the acquisition of houses behind your School, I am
directed to invite your attention to the Chairman's
explanation and requisition to you to remit Rs 4,000, which
will nearly be 1/3rd of the entire cost of acquisition there
of deducting the value of the extent of land required for
roads, for payment to the owners of houses who are ready to
vacate.

2 The exact amount can be settled and adjusted in

Sir,

E 2157

Your letter No Edn 9-21-25 (enclosing the copy of the letter to you from the Chairman, Trust Board, Mysore) dated 23-9-22 to hand. The Chairman in his letter states that a sum of Rs 10480-8-0 has been paid for the acquiring of 8 houses for building Science Laboratory of my School and that he has to pay a sum of Rs 6472-0-0- for acquiring the rest of the 6 houses. Of the 6 houses acquired only a house nearly 43' x 10' belongs to my school in full. The rest of the houses do not belong to the school in full. All the houses that have been acquired meant for Public purposes-widening the road. Of the 6 houses one is a Mutt and the other measuring nearly 43' x 23'- these two alone will be of use to the school. Of the rest only a very small part nearly 1/2, 1/4, 1/4- may be useful for the school. I do not know how he can claim compensation from me for the houses acquired for public purposes. Of the site given to the School in the maidan of the Greenivasakatte nearly 110' x 9' and a site to the south of the school nearly 90' x 10'- so much have been used for widening the road. The 11 sites given to the school are not available for the school purposes. For the portion given to

1. T O

the school I am justified in paying, but how can I pay
for the portion used for widening the roads I pray you
may inspect the spot in question in person Then the situation
will be plain I request to claim the compensation only for
the parts allotted to my school namely $\frac{1}{3}$ of the cost for the
site to be granted to me

Praying to be excused for this liberty I have taken to
represent my case

SIR,

With reference to your letter No E 3134/Edn 9-21-30 dated the 6th November 1922, regarding the acquisition of properties for Dharmaprakasa D Banumiah's High School I have the honour to state that the Scheme for the acquisition of all the properties behind the school was formulated at the instance of Mr Banumiah exclusively for the benefit of the school by clearing away the slums behind it and creating open space for free ventilation and better sanitation thereof When the Trust Board submitted this Scheme to Government for sanction, it was ordered that the acquisition of the properties being for the improvement of the sanitation of the surroundings of Mr Banumiah's school, he must himself arrange to secure the properties by private negotiation at his cost (vide letter No R 12254/M1 24-17-70 dated the 19th April 1920 from Revenue Secretary to Government) Mr Banumiah having complained that the cost of acquisition of all these would be too heavy for him, it was suggested by the then Inspector General, Mr C R Reddy, that inasmuch as the surroundings would also be benefitted to some extent by the improvement of the rear road, the Trust Board might bear $\frac{1}{2}$ of the entire cost of

was
authorised
J. G. Reddy
to
this

acquisition, $\frac{1}{4}$ being contributed by the Education Department, the remaining $\frac{3}{4}$ being paid up by Mr. Banumiah. As Mr. Banumiah still said that $\frac{3}{4}$ the amount would be rather high, as a matter of compromise, Mr. C.R. Reddy suggested that $\frac{1}{3}$ of the entire cost might be borne by the Trust Board, $\frac{1}{3}$ by the Education Department and that the remaining $\frac{1}{3}$ should be paid by Mr. Banumiah. The gentlemen having agreed, the Scheme was put through.

2. The cost of acquisition as per awards has been Rs 19,579-8-0, and some of the owners have even asked for references to the Civil Court under Section 18 of the Land Acquisition Regulation on the score that the award is not adequate. It cannot be foreseen how the cases will be decided, and the exact cost of acquisition cannot therefore be ascertained. Mr. Banumiah was accordingly requested to remit Rs 6,526-8-0 being one third of the acquisition charges, pending adjustment in due course. As awards for the properties were made long ago, some of the parties have been pressing for payment which can no longer be put off, and as the Trust Board are short of funds, owing to curtailed grant, I request that you may be so good as to move the Government to direct Mr. Banumiah to pay immediately Rs. 6,526-8-0 being his share of the anticipated cost of acquisitions.

3. As shown in the accompanying blue print, out of 1,618 square yards of the total area cleared for the benefit of the school, 992 will be within the compound, while the remaining 626 square yards will improve the road to the rear of it creating greater facilities and better exit and thereby augmenting the Sanitary aspect of the School.

4. As regards recovering a reasonable price from Mr. Banumiah as per terms of letter No 5972/41 dated the 19th November 1920 from the Chief Secretary to Government, I have to state that only $\frac{1}{3}$ of the cost of the acquisition, instead of the

whole as originally ordered by Government or $\frac{1}{2}$ of it as first suggested by Mr. Reddy, is considered very reasonable, as the acquisition was made entirely for the benefit of the School for improving the sanitation of its surroundings.

I have the honour to be,

Sir

Your most obedient servant.

OFFICE OF THE INSPECTOR GENERAL OF
EDUCATION IN MYSORE.
Camp, Magadi,
~~Bangalore~~, Dated 5th February 1923.

FROM

C. S. Balasundara-m Iyer, Esq., D
THE INSPECTOR GENERAL OF EDUCATION IN MYSORE.

TO:

K. Mathan, Esq., B.A
Chief Secretary to the Government of His Highness
the Maharaja of Mysore Bangalore.

SIR,

Please refer to your letter No. E. 3133/Edn.9-21-22 dated 20th
November 1922 calling for certain information regarding the appor-
tionment of the cost of acquisition of certain properties adjoining
the Banumiah's High School Mysore.

In regard to the enquiry made in the letter above, I have the
honor to state that on going through the files on the subject in my
office I do not find any note or memorandum left by Mr. Reddy, the
then Inspector General of Education in regard to the Department
meeting 1/3 of the cost of acquisition. On a reference made to the
Chairman of the Trust Board Mysore, he has sent a letter, copy of
which is enclosed, detailing the circumstances under which such an
understanding as to the apportionment of the cost was arrived at be-
tween Mr. Reddy, Mr. Banumiah and himself. Apparently this took
sometime
place between April and November 1920, possibly in May or June 1920
during the Birthday Festivities.

So far as I can see from the papers, the principal question, it
was whether Government would apply the Land Acquisition Regulation -
for obtaining possession of the properties or whether as already -
stated in Government Order of 19th April 1920, Mr. Banumiah should
acquire the properties by private negotiation at his own cost
regards what took place between April 1920 and 19th November 1920

Government reconsidered their previous decision and ordered the acquisition of the lands, it does not appear from my office file that the Inspector General of Education took any part in the correspondence that led to the Order of the 19th November 1920. If he had done so, it is possible that he might have made references to the understanding arrived at in personal conference as regards the sharing of the cost and might have recommended it to Government. I am not therefore in a position to answer your enquiry as to under what authority Mr. Reddy agreed to the Department bearing 1/3 of the cost of acquisition.

But on a general consideration of the merits of the case, and after what I have myself seen of the school and the locality, I beg to recommend that the arrangement made by Mr. Reddy may be ratified by Government. The premises adjoining the school are in an extremely insanitary condition and the school is badly in want of more elbow-room not only on the ground of sanitation but also for meeting its other needs in the shape of Science rooms and so on. Government have made a grant towards the construction of the building and I do not think there is any violation of principle in their making a grant for the acquisition of land adjoining the school, which is so necessary for the purpose of the school.

I understand that out of about 1500 sq. yds, acquired, nearly 1000 will be added to the school compound and the remaining 500 sq yds. will be utilised by the Trust Board for improving the road. On this basis, the Trust Board ought to pay 6/16ths of the total cost i.e. a little more than 1/3 and of the remaining 10/16ths of the cost will be shared by Mr. Banumiah and the Department. This is roughly equivalent to each party bearing 1/3 of the cost and the arrangement seems to be reasonable enough. I therefore beg to urge that this proposal may be approved by Government and early attention taken for the acquisition of the properties in question.

I have the honour to be
Sir,
Your most obedient servant,

C. S. Balasubramanyam
Inspector General.

Copy of letter No. 992 dated 29th January 1923 from the Chairman, City Improvement Trust Board, Mysore to the Inspector General of Education in Mysore, Bangalore.

With reference to your letter No 1/321 dated the 12th January 1923, regarding the acquisition of certain houses for the benefit of Mr. Banumiah's High School, I have the honour to state that Government had stated that they could not acquire them, but that, if Mr. Banumiah wanted, he should arrange to acquire them himself

2. The gentleman was complaining that it would be too costly for him and so no action was taken for some time, till Mr C.R Reddy, the then Inspector General of Education, during his visit and inspection suggested to Mr. Banumiah that, if he bore $\frac{1}{2}$ the cost of the entire acquisition, the Government would be requested to bear the other half between the Education Department and the Trust Board in equal moieties. A note to this effect has been made in my office reference on the date of such inspection—13th February 1920

3. Later, the Government passed orders in their letter No. R 12254/41 24-17-70 dated the 19th April 1920, declining to notify the properties and directing that Mr Banumiah himself should arrange to secure them by private negotiation. And subsequently during another visit of Mr. C R Reddy, on Mr Banumiah's representation he was told that if he agreed to bear at least $\frac{1}{3}$ of the entire cost, Government would again be moved to acquire the properties under the Land Acquisition Regulation, the Education Department and the Trust Board bearing the other $\frac{2}{3}$ in equal moieties

4. Mr. Banumiah having agreed to such arrangement, Government was again requested to sanction the Scheme, which they did

(vide G.O.No.5970-1/M.24-17-73 dated the 15th November 1920)

5. even now, Mr. Banniah does not deny having agreed to pay 1/3 cost of the acquisition, or decline to bear it but would merely seem to try on for more concessions.

6. I send herewith my office references for favour of perusal and obliging return.

Sir,

With reference to your letter No.L 5242 dated 26th January 1923, regarding the sharing of charges incurred on acquisition of properties behind Mr Banumiah's High School, addressed to the President, City Municipal Council, Mysore, and transferred by him to this Office where the subject is being dealt with, I have the honour to state that Government had ordered that the acquisition of the properties behind the School being for the improvement and sanitation of the surroundings of Mr Banumiah's High School, he must himself arrange to buy them by private negotiation at his cost (vide letter No R 12254/M.L. 24-17-70 dated 19th April 1920 from the Revenue Secretary to Government)

2. Thereupon, Mr Banumiah was complaining that it would be too costly for him to pay the whole amount Mr C.R Reddy, the then Inspector General of Education during his visit and inspection suggested to Mr. Banumiah that he might bear half the cost of acquisition, the Trust Board and Education Department bearing the other half in equal proportion, and a Note to this effect was made by me in my office reference, on the date of such

inspection— 13th February 1920.

3. Mr. Banumiah later on began to complain again that even $\frac{1}{2}$ the cost would be rather high for him to meet, and so as a matter of compromise, Mr. Reddy during another visit suggested to him that he should pay $\frac{1}{3}$ of the entire cost the Education Department paying $\frac{1}{3}$ and the Trust Board the other $\frac{1}{3}$. The gentleman agreed, and a final Note to that effect has been made.

4. Even now, Mr. Banumiah does not deny having agreed to pay $\frac{1}{3}$ of the cost of acquisition, or decline to bear it and has been promising he would do so, but only he seems to try on for more concessions

Sir

With reference to your letter No.L 7266/H.L. dated the 30th April 1923, regarding the acquisition of properties behind Mr. Banumia's High School, I have the honor to invite reference to the entire correspondence on the subject which had been hitherto dealt with in the Chief Secretariat and particularly to my letter No.44 dated 22nd December 1922 and the blue print sent therewith, showing the area that has been acquired in this connection, and which gives full information on the subject.

2. (1) Out of 14 properties behind the School declared for acquisition, 8 have been paid for and demolished. In the case of the remaining 6 properties, awards aggregating Rs 6,472 have been passed, but for want of funds, payments for these properties have not yet been made. So they have not yet been taken possession of or demolished.

(ii) Payment of compensation awarded for the other

8 properties amounting to Rs 10,480-8-0 has been made.

iii) Rs 10,480-8-0 exclusive of dismantling and other contingent charges.

(iv) This amount has been paid out of the Trust Board Funds, subject to its apportionment and adjustment in due course

(v) Out of the cleared area of these 8 houses, the portion marked out for the school was made over to Mr. Banumiah long ago, on which he has also erected the compound wall.

(vi) The remaining land required for the school has yet to be taken possession of from the owners after payment to them.

3. The aggregate award amount of Rs 16,952-8-0 does not include a separate item of Rs 2,627 for dismantling and other contingent charges.
